**Absolutely amazing!** Enjoy your day or weekend on the water without sacrificing **comfort, power and elegance**. The Sacs Strider 15 is unrivaled. With its luxurious design and low draft this RIB will take you anywhere fast and comfortable, it's layout just doesn't get any better.

The Strider 15 provides accommodation for **up to ten guests** for day cruising and **4 guests for a comfortable stay** over, making it a fantastic ship even for longer-range coastal cruising.  
Its distinctive profile is the unmistakable width creating a lot of deck space

According to Sacs this Strider 15 has to be one of the best performing and cutting edge motor boats in its sort. We agree!

The perfect flat and spacy aft area is ideal for guests who wish to bask in the gorgeous Mediterranean sunshine while at anchor or dive into the glistening light and dark blue waters for a refreshing dip. The sophisticated on-board music system allows guests to play the music they want, contributing to a relaxing vibe or upbeat tropical summer atmosphere!

Guests can escape the most intimate hours of sunshine thanks to the automatic large Bimini-top, this way you can relax in the shade while still marveling at the natural beauty of the rugged Sardinian coastline. Should you wish to escape the sun completely, guests can retreat to the cool **air-conditioned** suite with **2 king-size beds**.

Even to use this ship at night after a fantastic evening at a club or restaurant is no problem, thanks to its state of the art sophisticated **integrated radar, sonar and FLIR night vision system**. No matter where you go with this astonishing ship, you are sure that you will attract attention.

*Why wait, your great experience awaits you!*  
Book our beautiful Eagle 10 now.
